SAYS BASEBALL WILL BE REAL INTERNATIONAL SPORT

Ban Johnson Sees Big Future for Great American Game, President Ban Johnson of the American League said recently in discushing the future of baseball, that he firmly belived that the game would in

the course of coming years become the one of the few real international sports in which teams of countries in all parts of the world could meet and Philadelphia 61

Philadelphia 64 although the calibre of play abroad does not, of course, equal that displayby teams in the United States. Wherever American, migrate and settle there baseball is played, just as Englishmen carry cricket with them to all parts of the world. There is no difference, however, in that baseball has proved more popular than cricket among the natives of such lands. The game has won favor and is played in Cuba, Japan, China, Mexico, South America, Porto Rico, Philip-France, Australia, Sweden, Germany and even England to a slight impetus to the sport abroad. Another indication of the growth of baseball interest in far-away lands is shown in the trip of two Pacific Coast promoters to Australia with view of ascer-taining whether time has arrived for the establishment of a professional baseball league among the cities of the

Antipodes. The game is played in the most unusual and out-of-the-way places, and former fans found in the far corners of the arth. For instance, baseball is the one great game of the short Alaska summer. The rivalry between the various mining camps is extremely keen, and large sums of money frequently change hands on the outcome of a game, since the Alaska miner and colonist is ever ready to back his opinions and favorites with either gold market hour, was keen to the point of former professional league and college players are always available for the teams, and the standard of play com-pares favorably with that in the States. The games are frequently played undor difficulties not experienced in the cost and middle west. At Ketchikan, where the home games against Junean are played, the only level stretch of land suitable for a diamond is along the ocean edge. Consequently the games must be played at low tide, for twenty feet of water covers the home plate when the Pacific sweeps in at

FINANCIAL AND COMMERCIAL MARKET SOMNOLENT.

Fournier, rf

In Years. New York, Aug 8-Agricultural con-

ditions and the Mexican situation dominated today's irregular stock market, to the exclusion of all other considerations. Interest in the government crop report, as of August 1, anxiety, recent advices, official and otherwise, indicating serious damage to various cereals, especially corn.
The official report conditioned corn at 75.8 against 86.9 a month ago, 80. last year and a ten year average of 82.2. Indication corn crop was fixed at 2,672,000,000 bushels, as against 3,124,746,000 bushels last year. The outlook for spring wheat was vastly improved over a month ago, but considerably below the average. Indicated total wheat crop is 744,000,000 bushels against the 1912 yield of 730,-

Contrary to expectations, the market, which had been waiting on the crop report, showed little change from its somnolence of the preceding four hours which were relieved at odd moments by heaviness in Union Pacific, Atchison, Southern Pacific, Texas and Pacific, Missouri Pacific, Reading and Steel. Declines in these Nues ran from 1 to 21-2 points, while New The Norwich Town Baseball team Haven, which was under pressure from rill play the Bear Cats Saturday on the cutset, recorded its lowest price in over a score of years, at 985-8. The decline was accompanied by rumors suggesting a more conservative divi-dend policy by the incoming managemert. An eight point break in Chicago and Alton preferred, was attributed to the road's poor earnings. Coppers were strong in the early dealings but yielded later with the balance of the list. Final prices showed general recoveries of a half to a full point from the low level. Bonds were irregular, with strength

in a few speculative issues. U. S. 3s advanced 1-4 and the 2s and 4s and Panama 2s half on call while Panama Lost. P.C. coopon 3s declined 1-4.
